Twenty years after writing *Drug Lord*, Terrence Poppa decided the information in his book was more important than ever. In an important interview with the *Texas Tribune*, Poppa explains that "The Mexico that I wrote about in the book describes the old order of things: Mexico under the PRI. In that sense, the book was out of date, because how drug trafficking operated under the PRI is completely different than how it works today in a new Mexico, under the democratically transformed Mexico." There has been a decoupling of the highest levels of power from drug trafficking now. It's important for people to understand that, so I had to bring the book up to date."
