He asked, "Honey, have I ever told you how much I love you?"

She nodded. "Can you show me how much you love me?"

A storm is coming and 20 year old Ann is stuck in the middle of it. She's in trouble until Jack saves her and moves them both into the cellar to wait it out. In the cold cellar, they move closer to stay warm and find a way to generate heat that gets them both through the storm of the century.

WARNING: This 4100+ word story contains a scared, horny twenty year old girl, her sexy rescuer, deep kissing, a sultry blowjob, fingering, breast and nipple play and a passionate ride through a raging storm. Intended for 18+ year old readers ONLY.

EXCERPT:

His mouth reached her nipples and she jumped as he took her in his mouth. She arched her back to give him more of herself and he took full advantage, lifting her breast with his warm hands and licking the nipple, running his soft, red lips over her sensitive skin. He ran his tongue around her nipple in slow, steady strokes, her already hard nipples puckering even more at the stimulation. She threw her head back and pulled on his hard rod in her hand, trying to give him incentive to go on.

His hand searched down her belly to under the towel that still covered her lap, touching her milky thighs and moving them apart. His heat permeated her belly, legs and most sensitive middle. As his mouth continued to lick and suck on her breast, his hand slid between her legs and the heat itself made Ann catch her breath. He felt so good on her and she wanted him to wrap himself around her and fill her with his heat, with all of his heat.

As he slid a finger across her wet clit the little room rumbled again, causing the lantern to flicker. Ann felt like she should be scared, should be worried about what was going on outside, but Jack's mouth dissuaded those thoughts and his burning hand on her pussy chased all other thought away.
