An epic adventure in a life-long pursuit of the truth.

What is the mystery that Lance Cutter's DNA is hiding? Whatever the secret is, they had it, they lost it, and now they will do anything to get it back...

Time is running out.

Lance Cutter is born out of a horrific experiment by a deranged scientist. Presumed dead in an explosion at birth, Lance and his mother create a quiet, normal life. But what is normal for others is not so for Lance. He is faster, smarter and more agile than other children. When Lance and his mother go to Washington seeking answers, they are greeted by deadly force.

Barely escaping the clutches of government agents, the plane they are traveling on crashes into the icy Potomac river. Thought dead for the second time in his life, Lance grows up and finds a quiet, secluded existence working as an arson investigator in Florida. But when innocent people begin to spontaneously combust, Lance must use all of his extraordinary talents to stop the deranged killer.

Cutter now finds himself front page news. It's these headlines that will finally bring him face to face with the truth about his birthright and put him in a life and death struggle to survive.
