The Complete Beginners Guide To Mastering Photoshop And Creating Amazing, Professional Looking Photos In 24 Hours Or Less!

Photoshop is one of the oldest photo editing software products on the market and it remains one of the best. Although many people may prefer to have the original photo, blemishes and all, it is compelling to see what can be achieved in a very short space of time. The photo editing software accompanied by the guide in this book will enable you to create photos which will look like they have been taken in a professional studio. The book has been written to guide you through why Photoshop remains the best photo editing software available and to ensure you are aware of the commonly used tools available to you. It also provides a host of tips and tricks to ensure you are aware of the extra functions and shortcuts available to use on future occasions. The guide is not definitive, this is virtually impossible as the product is constantly changing and new shortcuts and improvements appear all the time. The key to getting the most out of the product is to study this guide and then experiment; you cannot do any permanent harm!
