As a college student exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some reserve, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for yourself.
