**College Drinking: Reframing a Social Problem / Changing the Culture** George W. Dowdall

“In comparison the other recent books on the topic, Dowdall’s book is more broad-based, yet also more comprehensive, and utilizes a wider range of scientific and professional resources, and provides more evidence-based suggestions for change to a wider audience. If there is a book that can reach all intended audiences (college administrators, governmental policy makers, practitioners, scientists, parents, and students), Dowdall’s book seems to do it. Readers of varied backgrounds should all come away with useful information and suggestions for changes.”--The Journal of Higher Education
