## **Quasar Magic: Paladins of Ama - Ragnor Saga - Book 1** Jürgen Friemel

The adventures of the young Ragnor take you into the remote world of the planet Makar. Accompanied by two moons, it solitarily circles around a red sun. In this medieval-oriented world, which isn't inhabited by humans only, the young man, whose origin is unknown at first, experiences various adventures. At the same time, the quasar magic of Ama's guardians, the paladins of light, play an increasingly more important part in his life. Gradually, Ragnor learns to gain control over this mystic magic. The young man desperately needs this power, because the demonic army under the leadership of Ximon, the god of darkness, is already lurking at the portals of the underworld. These demons are eagerly waiting for the opportunity to attack the inhabitants of Makar.

It has always been my dream to publish the saga of Ragnor in English. At the beginning of 2014, I released the German version. I was smitten with amazement that this saga has aroused the interest of about ten thousand readers soon afterwards. This has encouraged me to have the saga translated into English. I have planned to release further volumes, one after another, every three or four months. There are another nine volumes available at present.

I hope that the English-speaking readers will enjoy reading this book as much as the German-speaking readers do.
