## **The Great Pyramid Decoded** Peter Lemesurier

For over 40 centuries, the Great Pyramid of Giza has baffled mankind as to its purpose. This book suggests that the design of the pyramid derives from a simple number code. When the pyramid is "decoded", the message that unfolds seems to be a blueprint for mankind that can be compared with the more recent prophecies of St Malachy, Nostradamus, Edgar Cayce and others. The author has also uncovered links between the pyramid's picture of Man's place in the universe and the religious traditions of Egypt, Palestine, India, and even Central America.
