Mark Watney is a dead man walking.

As a member of the Ares 3 Mars mission, he landed with five crewmates for an assignment meant to be a month long. Then the storm came, and the crew was forced to evacuate. Watney, presumed dead by the rest of his team, was left behind.

Watney made it through the storm, but with communications wiped out, he has no way of telling Earth that he's alive. Even if he did, outfitting a mission to collect him would take years. He's run the numbers, and the odds are literally impossible.

On Earth, and on the ship *Hermes*, friends and strangers alike grieve for a fallen hero, while alone on an alien planet where even the smallest mistake means certain death, the man they mourn struggles to survive.
