**RPG Programming at its best! Discover A Book That Tells You What You Should Do and How!**

Instead of jumping right into the instructions, this book will provide you first with all the necessary concepts that you need to learn in order to make the learning process a whole lot easier.

This way, you're sure not to get lost in confusion once you get to the more complex lessons provided in the latter chapters. Graphs and flowcharts, as well as sample codes, are provided for a more visual approach on your learning

You will also learn the designs and forms of Parallel, and what's more convenient than getting to know both sides!
