CPT: 2015 Standard (Current Procedural Terminology (CPT) Standard) AMA, American Medical Association

Correct reporting and billing of medical procedures and services begins with CPT® 2015 Standard Edition. The AMA publishes the only CPT® codebook with the official CPT code guidelines developed by the CPT Editorial Panel.

Features and Benefits

- A comprehensive and updated index helps you in locating codes related to a specific procedure, service, anatomic site, condition, synonym, eponym or abbreviation
- Anatomical illustrations aid coders in understanding the anatomy mentioned with the codes
- Alphabetical tabular listing of most analytes in the Pathology and Laboratory section eases your code search by directing you to applicable molecular pathology codes based on a specific analyte
- Increased granularity in Molecular Pathology improves your ability to assign the proper code for a laboratory procedure
- Summary of additions, deletions and revisions provides a quick reference to 2015 changes without having to refer to previous editions
- Multiple appendixes offer quick reference to additional information and resources that cover such topics as modifiers, clinical examples, add-on codes and vascular families

Target Market

Professional coders and instructors, third-party payers, physicians, health care management consultants, office managers, and practice administrators
