Field Guide to Coastal Wetland Plants of the Northeastern United States

Ralph Tiner

Field Guide to Coastal Wetland Plants of the Northeastern United States Ralph Tiner

Coastal wetlands are among our most important fish and wildlife habitats. For example, over two-thirds of our recreationally and commercially important marine fishes depend on coastal marshes and associated waters for nursery and spawning grounds.

This book is arranged in four major sections: (1) Coastal Wetland Ecology: A General Overview, (2) Identification of Coastal Wetland Plants, (3) Wetland Plant Descriptions and Illustrations, and (4) Places to Observe Coastal Wetlands, and (5) Sources of Other Information. In addition, a list of references used in preparing this book and a glossary of technical terms are provided.
