**La sombra de Hitler. El imperio nazi y la Guerra Civil española (Spanish Edition) Pierpaolo Barbieri**  
**Un libro importante que revela una nueva y solvente teoría sobre la relación entre nazismo y franquismo.**

La sombra de Hitler arroja nueva luz sobre la Guerra Civil española al desenterrar el imperio informal que los nazis trataron de construir en España durante la Guerra.

Basado en una profunda investigación por distintos países de Europa, en seis idiomas y mediante documentos de archivos tanto republicanos como nacionales, se demuestra que las decisiones diplomáticas de otros países europeos en la Guerra Civil tuvieron un grave impacto sobre el esfuerzo republicano. Tomadas a lo largo de las veinticuatro horas de un día decisivo, el 25 de julio de 1936, estas decisiones abrieron la puerta para la intervención fascista en el bando franquista.

La sombra de Hitler revela que fue en el árido suelo ibérico donde la concepción, muy particular, de una Europa unida bajo el dominio nazi estuvo más cerca de hacerse realidad.

## ENGLISH DESCRIPTION

An important book that reveals a new, solvent theory about the relationship between Nazism and Francoism.

Hitler's Shadow throws new light onto the Spanish Civil War by unearthing the informal empire that the Nazis tried to construct in Europe during World War II.

Based on deep investigation in several European countries, in six languages and through both Republican and Nationalist archived documents, the author demonstrates that the diplomatic decisions of other countries during the Spanish Civil War had a serious impact on the Republican efforts. These decisions, made during one decisive day—July 25, 1936—opened the door for the fascist intervention by Franco and his supporters.

Hitler's Shadow reveals that it was on arid Iberian soil where the conception of a Europe united under Nazi control was the closest to becoming reality.
