"Flame of Yahweh" offers a thorough exploration of gender relationships and sexual activity in the Old Testament. Topics include sexuality in Eden, the elevation vs. the denigration of women, exclusivity vs. adultery and premarital sex, permanence vs. divorce and remarriage, intimacy vs. incest, and sexuality in the "Song of Songs". Written from a theologically conservative perspective, Richard Davidson provides a meticulously researched work which makes extensive use of other Ancient Near Eastern documents on subjects ranging from homosexuality to gender relations. At the same time, the author offers clear explanations of terms and historical context that make the work accessible to the reader.
