From the Ocean, from the Stars: An Omnibus Containing the Complete Novels the Deep Range and the City and the Stars and 24 Short stories) Arthur C. Clarke

From the Jacket Flap: "In the three books in this volume - two novels and a collection of twenty-four short stories - Arthur C. Clarke demonstrates the excitement, entertainment, and exhilarating imagination that have made him widely regarded as the master of contemporary science fiction. 'The City and the Stars' reveals the distant future, when human existence on earth is confined to only one city, from which an adventurous young man sets out to explore the remote reaches of the universe. 'The Deep Range' explores the hidden caverns of the ocean with Walter Franklin, a permanently grounded astronaut, assigned to herding whales, upon whose products manx subsists, a century from now. 'The Other Side of the Sky' offers twenty-four stories, dramatic, humorous, and exciting, ranging from the earth of our day, to the moon some decades hence, to the planets and galaxies millennia from now...."
