Algebra and Trigonometry, Books a la Carte Edition Plus MyMathLab with Pearson eText -- Access Card Package (4th Edition) Judith A. Beecher, Judith A. Penna, Marvin L. Bittinger

Books a la Carte are unbound, three-hole-punch versions of the textbook. This lower cost option is easy to transport and comes with same access code or media that would be packaged with the bound book.

Beecher, Penna, and Bittinger's *Algebra and Trigonometry* is known for enabling students to “see the math” through its focus on visualization and early introduction to functions. With the **Fourth Edition**, the authors continue to innovate by incorporating more ongoing review to help students develop their understanding and study effectively.

Mid-chapter Mixed Review exercise sets have been added to give students practice in synthesizing the concepts, and new Study Guide summaries provide built-in tools to help them prepare for tests. MyMathLab has been expanded so that the online content is even more integrated with the text's approach, with the addition of Vocabulary, Synthesis, and Mid-chapter Mixed Review exercises from the text, as well as example-based videos created by the authors.

This Package Contains:

Algebra and Trigonometry, 4e , (a la Carte edition) with MyMathLab/MyStatLab Student Access Kit

Note: You must have a CourseCompass Course ID provided by your instructor for the access code to work.
