Clinical Ophthalmology: A Systematic Approach Jack J. Kanski

The text of this clinical reference work of eye diseases has been fully revised to include additional illustrations and a description of the many investigative and surgical techniques which have recently moved from clinical research into everyday practice. In response to requests from readers, the discussion of surgical procedures has been enlarged to include details of complications of commonly performed procedures and further descriptions of surgical techniques. This study should be of benefit as both a textbook for ophthalmology students, and a quick reference guide for practitioners. Dr Kanski, a foremost authority on ophthalmology, has also written "Retinal Detachment", "Uveitis", and "Eye and Systemic Disease".
