Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality Michael B. Mensky

The phenomenon of consciousness includes mysterious aspects providing a basis for many spiritual doctrines (including religions) and psychological practices. These directions of human knowledge are usually considered to contradict the laws of science. However, quantum mechanics -- in a sense, the mysterious direction of science -- allows us to include the phenomena of consciousness and life as well as the relevant phenomena in the sphere of science.

Wolfgang Pauli, one of the pioneers of quantum mechanics, together with great psychologist Carl Gustav Jung, guessed about the relation between quantum mechanics and consciousness in the beginning of the twentieth century. However, only "many-worlds" interpretation of quantum mechanics, proposed in 1957 by Hugh Everett III, gave the real basis for the systematic investigation of this relation.

Roger Penrose, one of the apologists of the relation between quantum mechanics and consciousness, claimed in his Last book "The Road to Reality" that the Everett's interpretation may be estimated only after creating the theory of consciousness. There against, the author has proposed in 2000 and further elaborates in this book, the so-called Extended Everett's Concept, that allows one to derive the main features of consciousness and super-consciousness (intuition, or direct vision of truth) from quantum mechanics. This is exposed in this book in a form intelligible for a wide audience.

From reader reviews:

Lila Smith:

Book is to be different per grade. Book for children until finally adult are different content. As you may know that book is very important for us. The book Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality ended up being making you to know about other understanding and of course you can take more information. It is quite advantages for you. The e-book Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality is not only giving you considerably more new information but also to be your friend when you feel bored. You can spend your spend time to read your e-book. Try to make relationship with the book Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality. You never feel lose out for everything in the event you read some books.

Veronica Lopez:

Do you one of people who can't read enjoyable if the sentence chained in the straightway, hold on guys this specific aren't like that. This Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality book is readable through you who hate those perfect word style. You will find the info here are arrange for enjoyable looking at experience without leaving possibly decrease the knowledge that want to provide to you. The writer regarding Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality content conveys objective easily to understand by many people. The printed and e-book are not different in the articles but it just different as it. So , do you even now thinking Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality is not loveable to be your top collection reading book?

Lily McDermott:

Beside this kind of Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality in your phone, it can give you a way to get nearer to the new knowledge or facts. The information and the knowledge you will got here is fresh from oven so don't always be worry if you feel like an older people live in narrow town. It is good thing to have Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality because this book offers to you readable information. Do you oftentimes have book but you do not get what it's interesting features of. Oh come on, that wil happen if you have this inside your hand. The Enjoyable arrangement here cannot be questionable, including treasuring beautiful island. So do you still want to miss that? Find this book in addition to read it from today!

Carolyn Alcantara:

Reading a reserve make you to get more knowledge from this. You can take knowledge and information coming from a book. Book is composed or printed or outlined from each source this filled update of news. In

this particular modern era like today, many ways to get information are available for you. From media social such as newspaper, magazines, science e-book, encyclopedia, reference book, book and comic. You can add your understanding by that book. Are you hip to spend your spare time to spread out your book? Or just trying to find the Consciousness and Quantum Mechanics: Life in Parallel Worlds, Miracles of Consciousness from Quantum Reality when you essential it?
