## **Molten (Terran Times Second Wave Book 13)** Viola Grace

A talent for heat sends Nanette to the Volunteers, and the power of her fire assigns her to a Guardian Base. Assigned to repair the damage left behind after the Guardians did their work, Nanette dives into her new position with enthusiasm until her new work puts her in the path of one of those heroes.

Rand is stunned when he meets the new Terran. She is nothing like the women of her species that he has met before. Her scent is neutral, but her expression tells him that he is not the only one with an interest in interspecies relations. He just has to find an excuse to see her again. Perhaps he should break something?
