JFK - The Magnificent Journey Alen J Salerian M.D.

A very different kind of JFK book, which is unique for how the author--who is a psychiatrist and former consultant to the FBI--magically mixes images with paintings, poetry, and evidence to guide you through the assassination of our 35th president.

His intriguing poems and fascinating paintings both soften and enhance meticulously researched new historical findings about LBJ, McNamara and Bundy and their involvement in the death of JFK and the cover up, which has endured to this day.
