Come the Brotherhood

You must be careful. I turn toward the voice, see a shape floating next to me in the dark, glowing softly iridescent, all the colors of the rainbow and others for which I have no names.

Of what?

The sound and feel of the shape is feminine. She lifts her arm and points. I see them then, below and before me, two vast armies stretching out over an empty gray plane, facing each other. But they've not yet begun to fight. I recognize witches and vampires, Sidhe and demons, other creatures I've never laid eyes on, crowding one side. On the other side are humans, feeling empty and cold, though their power crackles around them like electric fire.

You must be ready. My companion's voice is very sad, makes tears rise in my eyes. The war is coming and you only have a little time left to prepare.

When Syd dreams of a terrible battle between sorcerers and all other magical races, she is tasked by a mysterious maji with protecting the Light and the Shadow, a pair of teenagers she rescues from the veil. Forced to track down the Chosen of the Light for assistance against this new threat, Syd teams with an unlikely foe turned ally in a stand against the rise of the sorcerer's Brotherhood.
