What girl wouldn't want to be surrounded by the sexy guys from the hottest teen rock sensation in the country? 18-year-old Never "Neve" Knight, not only is surrounded by the hottest boys to hit the music charts, but she is the band's lead singer. As the band's lead singer and manager, Never formed and shaped the band to where it is today, a band on the rise and on the brink of being signed by a label. As one of the guys, she knew each of the band members since they were all snot-nose ten-year-olds. While her boys were the cutest guys and they would protect her like knights, she couldn't date any one of them and ruin the chance at being signed with the record label of her dreams. That changes when one of the band members suddenly drops out of the band, and in walks Danny Blue, with his dreamy blue eyes, hot body, and British accent. Suddenly, Never's solid world has turned to mush, and her rule for not dating one of her band members is seriously challenged.
