As a student exactly feel bored to be able to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's internal or real their interest. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that examining is not important, boring along with can't see colorful pictures on there. Yeah, it is being complicated.
