Energy Psychology: Self-Healing Practices for Bodymind Health Michael Mayer Ph.D.

Energy Psychology presents a comprehensive approach to healing that combines leading-edge Western bodymind psychological methods with a broad system of ancient, sacred traditions. Incorporating Dr. Mayer's integral approach called Bodymind Healing Psychotherapy, *Energy Psychology* draws on Chinese medicine approaches, including Qigong and acupressure self-touch; kabalistic processes; methods drawn from ancient traditions of meditation and postural initiation; and psycho-mythological storytelling techniques. Drawing on thirty years of training in Tai Chi and Qigong, Dr. Michael Mayer shows how integrating the essences of these traditions and methods can restore vitality and give the average person self-healing tools for physical and mental health. Unlike the quick-fix books on energy restoration, this book uses timetested, age-old practices from sacred traditions in combination with well-established clinical approaches. Dr. Mayer teaches readers bodymind healing methods to treat anxiety, chronic pain, addictions, hypertension, insomnia, trauma, and other prevalent conditions. Written in a clear, intelligible style, *Energy Psychology* includes real-life case studies that highlight the effectiveness of his techniques.
