Pagans and Practitioners: Expanding Biblical Scholarship (American University Studies)

Alf H. Walle

Pagans and Practitioners: Expanding Biblical Scholarship (American University Studies) Alf H. Walle
Biblical scholarship, like many other disciplines, has become increasingly isolated. As a result, the field has not borrowed as much from other areas of scholarship as it could have and has exerted a smaller impact upon the larger intellectual community. A significant portion of *Pagans and Practitioners* deals with how the New Testament can be read as a rebuttal of Pagan rivals. In doing so, greater linkages with other disciplines are reestablished. Discussion of how the tools developed by Biblical criticism can serve other, secular disciplines are provided. Collectively, this book explores how Biblical criticism can exert a greater impact upon the intellectual world.
